LETTER OF RECOMMENDATION

TO WHOMSOEVER IT MAY CONCERN

I'm delighted to recommend **Mr. Yagneswar B** to work in the field of **Cyber Security** with any Organization. He has worked with our company in the same field. We were always been impressed with his ability to handle work and tasks well.

He performed extremely well & showed excellent skills during our Internship. He completed all tasks assigned to him in a proficient & timely manner. He was very actively participative and always willing to learn & enhance skills in every aspect. He was always willing to put forth a unique approach towards the work assigned to him, while also adhering to the guidelines and rules.

Considering his overall conduct during our Internship, it is a pleasure for me to recommend him to work with any Organization. Finally, I would like to take this opportunity to wish him good luck for his future endeavours and I hope he will definitely have a bright future ahead.

Please feel free to contact me if you have any further questions.
